- We'll be at the 2024 #PGAShow, will you? (tag colleagues/influencers you want to see at the Show)

3 SHARE ASSET + POST TO YOUR SOCIAL MEDIA CHANNELS

ADDITIONAL TIPS FOR SUCCESS

- **Follow and consistently use the official hashtag #PGAShow** before and during the event and engage with others using the hashtag to generate exposure for your brand through interaction with the PGA Show community.
- **Promote the hashtag early** to build excitement about your brand's participation at the event. Tag your network and encourage them to use the hashtag as well—this helps initiate conversations about your company and build connections with Show attendees.
- **Use high-quality image-based posts** to generate more engagement. Proper sizing per social network: Facebook (1200px x 628px), X (900px x 450px) and Instagram (1080px x 1080px).
- **Always tag and mention PGA Show** in your posts so we can help amplify (share) your content. Our handles: Facebook ([@PGAShow](https://www.facebook.com/PGAShow)), X ([#PGAShow](https://twitter.com/PGAShow)) and Instagram ([@pgagolfshows](https://www.instagram.com/pgagolfshows)).
- **Publicize your booth on social media** via custom graphics, photos, videos, social media giveaways, product highlights, etc. to help drive attendance to your booth at the Show.
- **Draft and schedule your messages beforehand.** Facebook has an easy scheduling tool built into company Facebook pages and there are multiple free tools for X (TweetDeck or HootSuite).
- **Share live coverage** content and events at the PGA Show through images and videos, allowing your network to react in the moment.
- **Bringing a Brand Ambassador/Influencer to the PGA Show?** Have your ambassador/influencer register for a media badge at [PGAShow.com](https://pgashow.com). Identify the participating influencer by email to Sherry.Major@RXGlobal.com for special collaborative invitations to amplify your brand.
- **Offer complimentary registration to your customers and prospects** with our Customer Invitation Program, which includes customized promotional images that you can access via your unique dashboard. If you need any assistance, please reach out to your Customer Success Manager [here](#).
