

FOR IMMEDIATE RELEASE

JOHN MAGINNES WILL APPEAR AT MAKEFIELD BOOTH FOR PGA SHOW

John Maginnes, the former PGA Tour professional, and current host of the Katrek and Maginnes On Tap radio show on Sirius XM, will make an appearance at the Makefield booth at the upcoming PGA show.

John is an exclusive endorser and spokesperson for Makefield putters, the Bensalem PA based manufacturing company. Makefield will be located at booth number 1112. John will be available Thursday, January 25 from 12 to 4.

Please visit and let John share why he was so impressed with the unique “roll off the putter face,” that keeps the ball rolling longer on its axis. Thus, a more accurate, straighter putt!

Additionally, Makefield is launching the revolutionary MakeFit Kit fitting system, enabling consumers to fit themselves in the comfort of their own home. “This is a revolutionary product for the putter fitting industry. The new MakeFit Home Fitting System from Makefield will dynamically affect the putter industry, and especially putter fitting for the consumer,” shared Nick Biglasco, Marketing Director for Makefield putters.

Maginnes, “This is one of the most exciting announcements I’ve experienced in my golf career. I truly believe this is a revolutionary product for the putter fitting industry.”
