

Tiger Woods Foundation Continues Awards Tradition with Malcolm DeMille

Congratulations to Viktor Hovland on his victory at the Hero World Challenge. When his final putt dropped, he posted a score 18-under par, clenching the win at his tournament debut. Hovland's outstanding play earned him the iconic sculptural Tiger Trophy crafted by Malcolm DeMille. Using a combination of hand sculpting and cutting-edge 3D printing technology, the Tiger and Globe were cast in bronze and accented with colorful patinas to create its realistic appearance. The Hero World Challenge trophy is truly an art piece that Malcolm DeMille is proud to create, and is thrilled it will be a part of Viktor Hovland's trophy case!

A true American brand, Malcolm DeMille, Inc. was founded in Southern California in 1989.
